## **Grade 7 Social Studies Cartography Project**

Hello cartographers,

Today you are being tasked with creating a map. As you are now trained cartographers, your map will **contain all features** of a map studied in class. Those features are:

- Title
- Orientation
- Legend
- Source
- Scale

The place you decide to map is **your choice**, it can be of a real place, from a videogame, or an imaginary place. Furthermore, your map must be one of the **map types** covered in class. Those kinds are:

- ★ Physical
- ★ Climate
- ★ Political
- ★ Economic
- ★ Topographic

If you're unclear about what each map is, refer to the class slides!

In order to help you I have created a worksheet that you will help guide you creating your map. **You must complete this worksheet and submit it with your map.**

## Map Plan

**Map Due Date:** \_\_\_\_\_

### 1) Overview

I am going to make a map covering what?

(Ex. Your room, a video game dungeon, a map of Montreal?)

---

### 2) Map requirements:

Your map must contain the following features. You can use this as a checklist to make sure you cover all the requirements.

Map Requirements Checklist			
	Title		Orientation
	Legend		Source (your name)
	Scale		Colour

### 3) Map Type

Circle the map type your map will represent:

Physical	Climate	Political	Economic	Topographic
----------	---------	-----------	----------	-------------

Write a brief description of this map type (use your slides to help):

---

What do colours represent in your chosen map type?
