### Creating a Backstory for Child Labourers

You have been provided with a historical photo of child labourer from 20th century America, taken by child labour activists Lewis Hines. You are to complete the following worksheet that will analyze the photo and create a backstory for your photograph. Be prepared to share your story with the class. *Examine your photo closely and use it to inform your answer. There are no wrong answers!*

Begin with some analysis of your photograph by answering these questions in a few words:

<b>Observe</b> (What do you see?)	<b>Reflect</b> (Why was this image made?)	<b>Question</b> (What questions do you have?)

### Creating a backstory

<b>Who</b> is in your photo? (Names, ages?)	
<b>When</b> was the photo taken? (year, season)	
<b>Where</b> is this photo taken? (State, city)	
<b>What</b> is their job?	
<b>Describe a typical work day</b> (When does the shift start and end? Do they get breaks? How much do they get paid? So on)	
<b>Why do they work?</b> (Money? Family pressure? No other options? So on)
